LIFE PILLS AND PHŒNIX BITTERS. THESE MEDICINES have now been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary, and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infal-

Dyspepsia, by thoroughly cleansing the first and econd stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind Flatulency, loss of appetite, Heart-Burn, Headache, Restlessness, Ill-Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence

Costiveness, by cleansing the whole length o he intestines with a solvent process, and without iolence; all violent purges leave the bowels cosive within two days. Fevers of all kinds, by restoring the blood to regular circulation, through the process of respiration in such cases, and the thorough solution of

all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of the Dropsies of all kinds, by freeing and strength-ming the kidneys and bladder; they operate most

delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of *Gravel*. Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these Life Medicines give to the

blood, and all the humors.

Scorbutic Eruptions, and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions al uptive complaints, sallow, cloudy, and other lisagreeable complexions.

The use of these Pills for a very short time wil

effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. on Colds and Influenza will always be cured by one dose, or by two in the worst cases.

Piles.—The original proprietor of these Medicines was cured of Piles, of 35 years standing, by the use of the Life Medicines alone.

the use of the Life Medicines alone.

FEVER AND AGUE.—For this scourge of the Western country, these medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease; a cure by those Medicines is permanent—try them, be satisfied, and be cured.

Bilious Fevers and Liver Complaints.—General Debility, Loss of Appetite, and Diseases of Fe males—the Medicines have been used with the most beneficial results in cases of this description—King's Evil, and Scrofula, in its worst forms, yields to the mild yet powerful action of these Medicines. NightSweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the

Heart, Painters' Colic, are speedily cured.

Mercurial Diseases.—Persons whose constitutions have become impaired by the injudicious use of mercury, will find these Medicines a perfect cure, a they nover fail to eradicate from the system al the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

Union Convention!

At a meeting of the Union members of the Legislature, in the House of Represen tatives, on Monday evening, Feb. 16th, 1863, on motion, Hon. Joseph R. Underwood was called to the Chair, and John B. Bruner, ap-

Kentucky that they assemble in convention, through their delegates, in the city of Louisville, on the 18th day of March next, and nominate suitable persons as candidates to fill the various State offices, to be chosen at the next August election. It is further recommended that the people meet, at some convenient time and place, in their respective counties, and appoint delegates to represent them in the convention.

J. R. UNDERWOOD, Chairman. JOHN B. BRUNER, Secretary.

THE REBEL INVASION.—There can be no doubt but our State is invaded by an insolent rebel marauding band of cavalry. The number, however, we are unable to state, but from the best informatien we have been able to obtain, we think there are not more than 2.500 or 3.000. Their object is to plunder and steal every thing they can lay their hands on.

The information we have received as to their whereabouts and movements is so conflicting and vague that we do not feel willing to make any postive statement about them as being certainly true. The latest intelligence we have is that the rebels were going in the direction of Winchester and Mount Sterling and that Union troops were in pursuit of them, and some skirmishing had taken place between the pickets of the two forces.

We learn from a young gentleman pickets fired upon Union soldiers who were thanks for them. guarding the railroad bridge at that place. The Union soldiers made a fort of the jail, and no damage was done by the rebels. We suppose they were not in any considerable force, or they would have destroyed the bridge and taken possession of the town.

We learn, also, from the same source, that it was reported on reliable authority at Paris, that the rebels had captured 14 army wagons, between Paris and Mount Sterling.

In General Rosecrans' report of the battle of Stone River, he makes special mention of the officers who distinguished themselves and whose troops rendered good service. We quote below, those from Kentucky, from General Rosecrans' report

" SPECIAL MENTION." I append a list of officers and enlisted men whose names are embraced in the scroll in the battle of Stone River. The record is official. It is as follows:

how much we don't know. May be \$20,000; but WHATEVER IT IS, IT WILL BE PAID AS FAST AS AD-JUSTED, and no crying. Secretary Kellogg went up there this morning. Mr. Wallace (Adjuster) will meet him there to-morrow. They will make short work of it. The fire swept off about fifty acres of buildings—a sad calamity to Troy, but one no human forecast could have prevented. It is the first emergency we ever had, and such an one as gives more character to a Company than a hundred \$5,000 licks."
